PROFESSIONAL SUMMARY

Passionate and detail-oriented Full Stack Developer (MERN Stack) with hands-on experience in building scalable and high-performance web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in modern frontend technologies including HTML, CSS, JavaScript, Redux Toolkit, Tailwind CSS, and Bootstrap. Currently pursuing a Bachelor of Science in Computer Science (BSCS) with a solid foundation in software engineering and full-cycle web development. Demonstrated ability to deliver fully responsive, user-friendly websites through freelance and project-based work. Committed to writing clean, maintainable code and turning client requirements into effective digital solutions.

WORK EXPERIENCE

As a Full Stack / MERN Stack Developer, I have built multiple real-world projects showcasing strong frontend and backend skills.

- Student Fee Management System: MERN-based app with role-based access, student login, fee tracking, and JWT authentication.
- Full Stack Blog App: Blog platform with user registration, protected routes, and token-based login/logout using React, Express, and MongoDB.
- E-commerce Website (PakShades.com): Responsive online store with dynamic products, cart, filtering, and modern UI using MERN stack.
- Developer Portfolio Website: Mobile-friendly portfolio built with HTML, CSS, React to display skills, certifications, and projects.
- Other Projects (10+): Includes Weather App, Currency Converter, Task Manager, Quiz App, Admin Dashboard, and more using React.js and Node.js.

EDUCATION

Bachelor of Science in Computer Science
University of Agriculture, Peshawar, Pakistan
Duration: 2022 – 2026
Current CGPA: 3.34 / 4.00

CERTIFICATIONS

- Meta Front-End Development Capstone – Coursera
- Advanced Web Development Certificate – NAVTTC (National Vocational and Technical Training Commission)
- Prompt Engineering Certificate – Vanderbilt University
